STAT

SUBJECT: SIGINT Requirements Support to INF

1. Congratulations on your recent appointment as the Special Assistant to the DCI for INF Monitoring. You indeed have a formidable job. Please be assured that the SIGINT Committee and its subcommittees (the SIRVES and SORS) are prepared to assist you in the area of SIGINT requirements.

2. As you know, we have worked closely with ACIS to incorporate specific INF related requirements into the National SIGINT Requirements System, the mechanism through which requirements for collection, processing and reporting are levied on the US SIGINT System. Now that you have assumed responsibility for INF we are most anxious to continue these efforts with you and your future staff.

3. I would like to extend to you an invitation to meet with me and the Chairmen of the SIRVES and SORS so that we can review for you our roles in the SIGINT requirements process and work with you to determine how we can best assist you in your endeavors. Please let us know when it would be convenient for you to meet with us. We are located in room 1036, Ames Building, Rosslyn. I can be reached on extension [redacted]
